NE-Sen: Dave Domina (D) Calls On Congress To Overturn SCOTUS Ruling On Citizens United

By poopdogcomedy

Received this e-mail today from U.S. Senate candidate Dave Domina (D. NE) regarding *Citizens United*:

Corporations are not people. Period!

As a citizen, you have the right to create a corporation — you have the right to vote, but the corporation you create does not. The 2010 *Citizens United* court ruling has taken the power of government out of the hands of real people.

We need to fix this by passing a constitutional amendment to overturn *Citizens United*. Go here to sign my petition demanding Congress act now!

<http://action.davedomina.com/...>

Over the last four years, *Citizens United* and the SuperPACs it created degrade our elections with nationwide attack ads fueled by undisclosed corporate cash.

Without a doubt, the billions of dollars being spent to influence our elections each year is working — **for the corporations**. But our elected officials should never be determined by anonymous attacks and hidden entities that answer to no one.

They should be decided by us — *because we can vote and the corporations cannot!*

Help save our democracy by signing our petition >> <http://action.davedomina.com/...>

If we are ever going to get Washington working, we have to restore accountability and fairness back into the system.

That starts by passing a constitutional amendment to overturn Citizens United.

Add your name >> <http://action.davedomina.com/...>

Thank you,

Dave Domina
